New Providers at Cleveland County Health Department

(Shelby, NC)—The Cleveland County Health Department is proud to announce that we have two new Family Nurse Practitioners working in our Child Health and Sexually Transmitted Disease (STD) clinics. One of our practitioners, Lucy McDaniel, grew up in Shelby and went to UNC Chapel Hill in 2014 for her Family Nurse Practitioner license. Prior to becoming a Nurse Practitioner, Lucy was a Pediatric Nurse in Chapel Hill for nine years. She is married with two children. She will be practicing alongside our other new Family Nurse Practitioner, Cindy Johnson. It is our hope that having the experience of these two Practitioners will allow us to see more patients while offering the timeliest and highest quality services possible.

Services provided in the Cleveland County Health Department's Child Health clinic include well child checks, sick visits and vaccinations. Services provided in the STD clinic include preventive services, counseling, testing and referrals for STDs, along with diagnosis and treatment for STDs.

For more information about our Child Health Clinic or to schedule an appointment, call 704-484-5123. For more information about our STD Clinic, call 704-484-5169. To schedule an appointment in our STD Clinic, call 704-484-5189.

To learn more about all of the services offered at the Cleveland County Health Department please call 704-484-5100 or visit www.clevelandcounty.com/cchd.
