PUBLIC HEARINGS

PLANNING DEPARTMENT CASE 21-17; REQUEST TO REZONE PARCEL 14500 FROM GENERAL BUSINESS (GB) TO RESTRICTED RESIDENTIAL (RR)

Chairman Bridges recognized Planning Director Chris Martin to present Planning Department Case 21-17: request to rezone parcel 14500 from General Business (GB) to Restricted Residential (RR). Parcel 14500 is a 0.43-acre tract located at 1113 Stony Point Road and Tim Fleming of HTZ Holdings, LLC is requesting to rezone the half-acre from General Business (GB) to Restricted Residential (RR). Surrounding zoning is mostly Restricted Residential (RR), with a General Business (GB) node at the intersection of Stony Point Road and New Camp Creek Church Road. Surrounding uses are mostly single-family dwellings with some commercial uses near that intersection. The Land Use Plan calls this area Future Residential; rezoning would conform to the Land Use Plan. The Planning Board voted unanimously to recommend approving the rezoning request from General Business (GB) to Restricted Residential (RR). The Board felt the proposal would be considered an extension of an already existing zone and is consistent with the Land Use Plan's designation of Future Residential.

Chairman Bridges opened the floor to the Board for questions and discussion. Commissioner Hutchins inquired, "If the rezoning is approved, would the owner be able to build a home on the 0.43-acre tract?" Mr. Martin advised the owner would have to apply for several permits before any construction could begin to ensure the home would meet the requirements to build. Mr. Martin stated there is currently no sewer system on the property and no permits for home building have been applied for.

Chairman Bridges opened the Public Hearing at 6:16 pm for anyone wanting to speak for or against case 21-17 request to rezone parcel 14500 from General Business (GB) to Restricted Residential (RR). (*Legal Notice was published in the Shelby Star on Friday, August 28, 2021 and Friday, September 3, 2021*).

Hearing no comments, Chairman Bridges closed the Public Hearing at 6:17pm.

ACTION: Commissioner Gordon made the motion, seconded by Commissioner Hardin, and unanimously adopted by the Board, *to approve the request to rezone parcel 14500 from General Business (GB) to Restricted Residential (RR). The rezoning request is an extension of an already existing zone and is consistent with the Land Use Plan.*

QUESTIONS

Chairman Bridges opened the floor to the Board for questions and discussion. Commissioner Hardin asked how many students are currently home due to COVID-19. Mrs. Hansen advised, *"Staff does track information regarding the virus in school-age children. The latest information indicates there are between 1,000 to 1,400 students who are out of school. These numbers include both positive test results and contact tracing."* Commissioner Hutchins inquired, *"Are there rapid test result kits available at the schools for children who may have been in contact with someone who tested COVID positive, so they do not have to go to other testing sites?"* Mrs. Hansen answered, *"The schools are currently working with contract vendors to be able to test children in schools. If children are vaccinated, they can remain in school. If a child is unvaccinated, they would still need to be sent home and follow the CDC guidelines for quarantine and isolation guidance."*

Chairman Bridges stated several of the Board members have received numerous phone calls from concerned parents, *"the decision to send a child home is between the school nurse, the principal and the school's guidance set by the School Board, not the County Commissioners."* Mrs. Hansen responded, *"The school system has elected to align with the North Carolina Department of Health and Human Services Strong Schools tool kit. The procedures in the tool kit are what the Administrators, Principals and School Nurse use to provide guidance on quarantine and isolation protocols."*

Chairman Bridges recognized Emergency Medical Services Director Tommy McNeilly to give an update on the Emergency Medical Services (EMS) department. Mr. McNeilly reported, *"there are still struggles to maintain community operations within the county. The biggest challenge is, at any given time, hospitals are on divergence. This requires EMS to go outside of the county which leads to an increase in response times."* Commissioner Hutchins asked if the staff has been in contact with the rescue squads to see if they can assist EMS. Mr. McNeilly

replied over the last month or so, the rescue squads have been contacted numerous times and have been able to help in a few instances.

Commissioners thanked Mrs. Hansen and Mr. McNeilly for the information and for the ongoing hard work their staff continues to do.
